Linda,

If you can supply me with a blanket order for this quantity, we will stock it here for you and release it to you as needed over a 12 month period. You would not be billed for material until it ships to your facility.

We would have material ready to ship in about a month with a prompt order. I cannot put in an order with the mill without a commitment.

Anthony,
Going forward, is it possible for you to keep 320sf of this at all times, WITH mill certs? We purchase approx. 4500-5000 sf/yr. Please let me know.

Thx
Linda

Chantal,

Our packing list doubles as a certificate of conformance.

Attached is the paperwork you received for a similar order back in 2010 for your reference. I apologize for the poor quality, we had to scan it into our system. No other paperwork is associated with this order.

You would receive something similar for the order just placed, except it would be to the exact way the material was offered.

Let me know your thoughts after reviewing.

Kindest Regards,
Anthony

I will have my accounting department run the information and advise if we have any questions.

Please let me know if I can assist with any other outbound material requirements you may have in the meantime.

Here are some areas we here at Diversified Industrial Products specialize in that may be of high interest to you:

- DIP Stocks Billets and Thicker Forged Stock of Alloys, this allows us to offer custom sizes cut to size that may not be readily available in distribution.
- DIP has various size coil sizes in stock that we can level and cut into custom sized sheet that may not be readily available in distribution
- DIP Offers stock and release terms (VMI, Kan Ban, Consignment, Blanket Orders, Etc). This offers many benefits to our customers, such as: Keeping invoices off of you books, insuring material is always readily available, locks you into competitive pricing, as well as others.
- DIP Stocks Exotic alloys that we purchase mill direct. We carry round bar, flat, plate, sheet, tube, wire, etc.
- DIP can offer custom drawn tube to size in both small and large quantities.

Kindest Regards,
Anthony

Good Morning Linda,

It has been a while since we have sold DART any materials, so it might be best to send in references just to be safe (1 Bank reference & 3 Trade References) to get you set back up in our system.

We have this on contract order with the mill, so it will take us about a week (possibly sooner, we will do our best) to receive, inspect, and prepare the order for shipment.

Being that this is an urgent requirement, please send over the purchase order so we can begin to process and please be sure to include the information requested above.

We will advise as soon as it is ready to ship so you can arrange pick up with your freight carrier.

Kindest Regards,
Anthony
